

1. Dotted area around layout contains room for any artwork necessary, plus 1/8" bleed for cutting (solid-line).
2. Sizes indicated in diagram (102mm x 166mm or 4" x 6 5/16") correspond to the final product and must be rigorously respected.
3. The above illustrates the first two panels. The height remains the same throughout, but the first panel would measure 2 5/16" wide or 65mm and the second 2 1/2" or 63.5mm. Each subsequent panel is 1/8" or 1.5875mm thinner than its predecessor.
